

NGUYEN LE ANH TUAN

Front-end Developer

I'm learning to become a Full Stack Web Developer.

I'm a student at VNUHCM - University of Science. My major is Information Technology. I have been learning web programming for 3 years. Currently, I'm quite familiar with HTML, CSS, Javascript, Typescript, ReactJS, NextJS with a few personal projects.

My passion is learning new languages and technologies to solve life's problems. I like to share my knowledge and help others.

PERSONAL PROJECTS

Pollme – Website for creating online surveys

- Front-end: NextJS, Typescript, TailwindCSS, i18n, Apollo GraphQL, ChartJS, Recoil
- Back-end: ExpressJS, Typescript, Apollo GraphQL, Type-GraphQL
- Database: MongoDB, Redis, Cloudinary
